Private aviation made simple.

LIFT™ is unlike any other private aviation management company. As your fiduciary, we provide a personalized Chief Aviation Officer™ level program designed to maximize your aircraft investment without all of the headaches. We focus on making everything seamless so you can focus on flying.

WHAT IS A CHIEF AVIATION OFFICER™ (CAO)?

One of the most challenging aspects of private aviation is the various components to manage. A Chief Aviation Officer™ is poised to handle all of the procurement, scheduling, maintenance, and logistics. This level of service allows executives to hand over the headaches and focus on enjoying the flexibility and efficiency of private aviation. LIFT Aviation offers Chief Aviation Officer™ services in a very personalized and proactive way.
